

MENDOTA

America's Luxury Fireplaces

*It's the one
to come home to.*

MENDOTA

The hearth. Its history is as primitive as man. For centuries, it was the source of heat and life, the gathering place in every home. Modern technology has eliminated the need for the home hearth—but not our desire for the mood it evokes. At Mendota, we know you don't need a fireplace. You want one. And when it comes to satisfying a want, we know nothing can satisfy like the finest—a Mendota high-efficiency gas fireplace.

Traditional. Innovative. Stylish. Uncompromising craftsmanship and quality. The choice for those who can afford to choose. The best of ancient and modern technologies blended seamlessly and brought to life. The magical dancing flames. The soothing open fire, radiating warmth and glow.

All the sights and warmth of a woodburning fireplace. All the convenience and benefits of a high-efficiency gas furnace. Home is where the hearth is. Whether you seek to inspire romance, elegance, or comfort, nothing can spark the mood better than a Mendota.
